

English
POUR TOUT LE
MONDE

ANNUAL REPORT

2020

EPTLM IS BORN

English Pour Tout Le Monde was formed in Spring 2019 in response to people asking for accessible English learning opportunities. We started with sessions outside in the Jardin d'Eole in Paris working with mainly exiled people and began to grow from there.

2020 was the official year of receiving our association status. The statutes were sent to the prefecture on 26th February 2020 and creation of the association was published in the Official Journal on 29th February 2020.

ADMINISTRATION COUNCIL

The association is managed by a council of members decided in the general meeting on 6th January 2020.

For the year 2020, the members were as follows :

Mme OGILVIE Katie, President
Mme CHALMERS Kathryn, Tresorer
Mr YADAV Tejas, Secretary

OUR VALUES

EPTLM was formed with the idea that education should be accessible to all regardless of your background. We believe that education can open up new opportunities and unleash each persons individual potential. It is very important to us that everyone is treated equally and that the association operates in a collective and horizontal manner.

OUR OBJECTIVES

PROVIDE INNOVATIVE LEARNING OPPORTUNITIES IN ENGLISH

for people in precarious situations or experiencing in social exclusion.

ECONOMIC EMPOWERMENT

by supporting professional insertion and employability.

BRING PEOPLE TOGETHER TO MAKE A DIFFERENCE

by supporting social integration by bringing together different communities.

COURSES

From the beginning of 2020, we were running English sessions **every Tuesday and Thursday morning**. We had now found two partners to allow us to run the courses inside. These partners were the **Bibliothèque Hergé** and the **Maison des Associations** both located in **19th** area of Paris.

This sessions were being attended predominantly by migrants who we were meeting through another partner, **P'tits Dejs Solidaires** who offer breakfast every morning to the migrant population.

The sessions were run by **anglophone volunteers** and were attended between **6-10 participants each time**. They lasted **2 hours per session** and the content would be a mix between using worksheets and a basic course for beginner level students, and conversation practice for more advanced level students.

Although the basis of the sessions were focused around English, it was encouraged to exchange all languages to create friendly moments between all.

2020 IN NUMBERS

CONTEXT : We were running two sessions per week until the first lockdown due to the COVID pandemic from 21st March 2020. We explored options to take the courses online but with our audience having limited access to the necessary materials and equally, our sessions very much about being face to face, this wasn't possible.

We were able to restart sessions outside in the Jardin d'Eole in Summer 2020 and then were back in the Bibilothèque Hergé intermittently (COVID allowing) for Autumn/Winter 2020. We were unable to return to the Maison des Associations.

**30
BENEFICIARIES**

**68
HOURS OF ENGLISH**

**15
VOLUNTEERS**

**3
PARTNERS**

2020 CONTINUED

While it wasn't possible to continue our sessions as we wanted, EPTLM did not stop! We applied to be a part of the SINGA incubation programme in Summer 2020 and we were accepted!

SINGA is an international ONG which aim to create links between new arrivals and locals in the country. The incubation programme is for 6 months and supports new arrival initiated projects or projects supporting new arrivals and was a very important resource for EPTLM to allow the association to grow.

GAINS FROM SINGA

Clear objectives for the association and a plan to achieve them.

Development of our different type of programmes and their outcomes.

Analysis into our potential audiences and their requirements.

Growing our network and partners.

Development of our volunteers.

Development of social media and communications.

PLANS FOR 2021

INCREASE NUMBER OF SESSIONS

Once possible to restart, our aim is to have at least 5 sessions per week working with more partners across Paris. We also want to add monthly active learning sessions to share competencies between participants and volunteers in English.

INCREASE AUDIENCE

In addition to increasing participant numbers through better contacts with partners, we want to extend our audience to reach more people who could benefit from English as a competence but haven't got the means to pay for traditional courses. This will include young adults (NEET), woman (particularly those experiencing difficulties) and children. We will continue with the migrant population.

INVESTMENT IN VOLUNTEERS

To ensure volunteers are comfortable to deliver the sessions and that they are delivered in a consistent way, it will be important to invest in volunteer training,

FIND AN OFFICE

In order to effectively manage and organise the future activities of EPTLM, we will search for an office.
